

NOTIFICATION REGARDING ACCREDITATION OF SCHOOLS OF CBSE

It has been brought to the notice of the Board that some agencies have started training Master Trainers for accrediting schools affiliated to CBSE even though they have not been empanelled by the CBSE.

This is for the information of all concerned that the CBSE accreditation process is largely focused on qualitative enhancement and improvement of schools through a self reflective exercise and is not meant for grading the schools.

The criteria that any accrediting agency or private consultant may begin to draw up and train Heads of schools or teachers to be assessors or accreditors remains uncertain and may cause ambiguity for schools with the CBSE. The **CBSE School Quality Assessment and Accreditation Manual** will be soon be available at the CBSE website and only the empanelled agencies who have been oriented by the CBSE are authorized to train the master trainers for accreditation of schools under CBSE's scheme of Accreditation.

In View of this, schools are advised to refrain from falling prey to unscrupulous elements who prefer to deliver training which may not be contextual to CBSE. In case of any reports in this regard kindly mail dir.trg@nic.in. You may also contact the following officer:
