Madam/Sir,

Subject: CBSE Inter School Sports & Games Competitions 2012-13 - reg.

Getting children involved in sports helps them make exercise a part of their lifestyle and increases their chance of being a healthier adult. Participation in sports builds self-esteem. Children gain confidence and have a more positive view of themselves. Participation in sports gives child a practical way to learn about goal setting. Sports teach children about teamwork and how their actions affect other people. It is our moral responsibility to help children formulate a plan which enables them to efficiently handle their responsibilities while still leaving time for sports practices and competitions. In sports children learn how to deal with adversity & errors, chances are, they'll be able to translate that skill to real life and effectively minimize mistakes as well as competently recover from set backs. Sports provide numerous opportunities for positive experiences both for child as an individual, and for family as a whole.

So as to inculcate the above, every year the Board organises the Inter School Sports & Games Competitions in 17 disciplines in various age groups for Girls' & Boys' at nearly 160 venues for its Independent Category of Schools (Private Schools) affiliated to it.

Further, ref. F.No.9-22/2007-SP.I, the Ministry of Youth Affairs and Sports, Government of India has recognised the CBSE as the "National Sports Promotional Organisation (NSPO)" for the promotion of School Games.
