To
The Chairman
Central Board of Secondary Education (CBSE)
New Delhi

Subject: Intimation regarding SAU Admissions 2026-27 and request for dissemination of information.

Sir,

At the outset, I would like to convey our sincere appreciation for the continued efforts of the Central Board of Secondary Education in strengthening school education across the country.

As you are aware, the **South Asian University (SAU)** is an international university established by the Governments of SAARC nations. Over the past 16 years, the University has emerged as a leading regional institution for postgraduate and doctoral education, attracting students from across the South Asian region. The University is located on a beautiful 100-acre campus at Maidan Garhi in South Delhi, developed by the Ministry of External Affairs, Government of India, and offers a vibrant multicultural academic environment.

In recent years, in addition to its well-established postgraduate and doctoral programmes, the University has expanded its academic offerings by introducing several undergraduate programmes, thereby providing new opportunities for students to pursue their higher education at an international university in New Delhi.

For the **Academic Session 2026–27**, the University has announced admissions to a wide range of Undergraduate, Postgraduate and PhD programmes across diverse disciplines, including Engineering, Sciences, Arts, Law, Media, Management and other emerging areas of study. Admissions will be conducted through two modes, as outlined below:

1. **SAU Entrance Test Mode:**

Conducted by the University for admission to various academic programmes. The SAU Entrance Test is scheduled to be conducted on 25–26 April 2026.

2. **Direct Mode:**

- In India: Based on scores obtained in the recognised national-level eligibility tests such as JEE Main, CUET, NEET, CAT, CLAT, NET, GATE, etc., as applicable to the respective programmes.
- In other SAARC countries: Based on scores obtained in national-level tests or qualifying examination results from recognised institutions, as applicable.

The Undergraduate programmes currently offered by the University include BTech in Computer Science & Engineering (CSE) with emerging and cutting-edge Industry aligned specializations; BTech

in Mathematics & Computing; Dual Degree BTech MTech CSE; BA LLB (Hons.); BBA LLB (Hons.); BA (Hons.) in Media, Arts & Design; Integrated BBA MBA; and Integrated BS MS in Interdisciplinary Sciences.

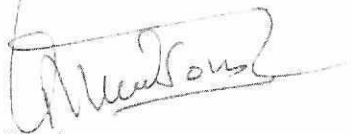

In this regard, we would be grateful if the Central Board of Secondary Education could kindly help us in disseminating the information regarding SAU Admissions 2026-27 among CBSE-affiliated schools and prospective students.

The Admission Brochure is attached herewith for your kind reference and circulation. Detailed information regarding the programmes, eligibility criteria, and the admission process is available on the University website: <https://admissions.sau.in/>.

We look forward to the continued support of the CBSE in enhancing awareness about the academic opportunities available at the South Asian University.

With regards,

Yours sincerely,

Registrar
South Asian University
New Delhi
