PRESS RELEASE

- There are following 2 types of students whose examinations is conducted by CBSE:-
  (i) **Regular Students** - Who are studying in CBSE affiliated schools and appearing in Class-X or Class-XII examinations for the first time.
  (ii) **Private Candidates** -
      (a) Who were regular students in CBSE earlier and failed to qualify in first or second attempt or want to sit for improvement or in an additional subject.
      (b) Besides, some candidates are private candidates from Delhi, who are allowed to sit for CBSE Board exams like Patrachar and Female candidates.
- In the year 2021, CBSE will declare the result of regular students as per the policy approved by Hon’ble Supreme Court of India. In case of regular students, schools are having records of the assessment done by the schools during the current year and thus their result could be declared based on the assessment policy approved by Hon’ble Supreme Court of India.
- In case of the Private candidates, neither the schools nor CBSE have the desired records, hence, their result cannot be prepared based on the assessment policy.
- In case of regular students, schools have conducted a unit test, mid-term and pre Board examination and thus the performance of these students was available. However, in case of private candidates no records based on which their assessment could be done without conduct of examination as done in case of regular students is available and thus tabulation policy cannot be implemented.
- The issue of Private candidates was also discussed in Hon’ble Supreme Court of India and thereafter policy was decided wherein written examination will be held for declaring result of private candidates. This issue was discussed in detail and court has agreed to with all petitioners.
- The Tabulation Policy for assessment of results was framed by a committee looking into all aspects of regular and private candidates.
- The Board will conduct the exams for private category of students between 16th August, 2021 and 15th September, 2021 and there result will also be declared in the minimum possible time to avoid any difficulty to them in admission in higher education. The notification in this regard will be issued soon.
- UGC and CBSE are looking into the interest of all the students and UGC will be synchronizing admission schedule based on the result of these students as it was done by UGC in 2020.
